THUNDER VALLEY DRAGWAYS

MARION, SOUTH DAKOTA

The Evolution of TVD. . .

While Glen Rapp was stationed in San Diego, California and later at the US Naval Air Station in Los Alamos, California, Glen became interested in the sport of Drag Racing. While training at Naval Air Stations in the Pensacola, Florida area Glen had a fellow cadet who owned a new 1957 Chevrolet Corvette and Glen became the pit crew for the corvette. His squadron mate raced at Pensacola Drag Strip. This experience hooked Glen on the sport of drag racing and Corvettes in particular. After several cruises on the U.S.S. Randolph, CVA 15 Attack Aircraft Carrier in various parts of the world Glen left the Randolph at Toulon, France and returned to the US in Marion, South Dakota. In the summer of 1959 Glen purchased a new 1959 Corvette and installed a new "W" Series 335 Horsepower 348 cubic inch engine in the corvette to participate in Drag Races in Minneapolis, Minnesota area tracks and Sioux City, Iowa. Glen sold the 1959 Corvette in 1962 and purchased a stock 1956 Corvette in Whittier, California with the intent of converting the corvette into an all out drag race car. Beginning in 1962 Glen and his fiance Joan Fitzgerald began racing the 1956 Corvette named "Thunderation" at various tracks in Iowa, Nebraska, Minnesota and Colorado. Joan drew a map of each track they competed at and copied their operating procedures. On the long trips home from these races they discussed what they Liked and Disliked about each track and the fact that they spent many more hours in traveling than actual time at the tracks. Considering the population of Southeastern South Dakota, near Marion they thought an NHRA Drag Racing Facility could be successful. In 1965 Glen purchased 80 acres from Alfred Sturzenbecker for the Drag Strip and pit area and Glen's parents Al & Hilda Rapp, supplied the 80 acres of uphill slow down area for Thunder Valley Dragways. Construction of the drag strip began in 1966. Becker Brothers Construction **(Continued)**

(Continued)

(Dwayne & Harlan H Becker) of Marion, South Dakota completed all of the earth moving and grading of the track. Arvel Wiens ran the Euclid twin engine scraper and Dennis Borers drove the Caterpillar Push Cat to speed up loading of the scraper. The gravel base and asphalt track surface was completed by Sioux Falls Construction company of Sioux Falls, South Dakota.

The History of TVD. . .

Upon completion, Thunder Valley Dragways held it's first race event on Sunday June 4th, 1967. Thunder Valley Dragways was the first official sanctioned drag race track in South Dakota. In 1967 Thunder Valley Dragways hosted it's first NHRA/Winston World Series Championship event and continued hosting that event every year through 1981. Thunder Valley Dragways received the NHRA Division 5 Drag Strip of the year award 7 times. On April 28, 1968 Don Brecia drove the Brecia-Crowe-Freeman-Gibson AA/FD to a new track record of 185.18 MPH in 8.14 seconds. On April 24, 1977 Rick Johnson drove Bill Shifsky's "Bear Town Shaker" AA/Funny Car to a new track record of 214.28 MPH in 6.47 seconds. In 1978 George Hadebeck drove Fred Goeske's rocket powered funny car to a record of 4.72 second elapsed time. In 1982 Aggi Hendricks drove the "Odyssey" jet powered dragster to a record speed of 287 MPH. Thunder Valley hosted its first Jr. Dragster race in 1993. Through the years Thunder Valley hosted several celebrity drag racers.

Tom Cain leased the track from 1990 to 1999 and switched the sanctioning body from National Hot Rod Association (NHRA) to International Hot Rod Association (IHRA) in 1990. Duane Boice leased the track from 2000 through 2004. Glen Rapp resumed management in 2005 to present. In 2025 the sanctioning body was switched back to NHRA and plans to keep this partnership for ever. 2026 is the 75th Anniversary of NHRA and we are proud to be a part of their continued success.

Thunder Valley Dragways & Glen Rapp would like to Thank Everyone that has in someway supported or participated in events at Thunder Valley Dragways. It is your shared loved of the support that has kept Thunder Valley Dragways successful for 60 Seasons.
